

# Approach to Centre Determined Grades for CCEA Qualifications

- Holy Cross College
- Summer 2021

# Introduction

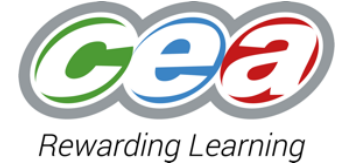

1. Overview of Awarding Grades Summer 2021
2. Holy Cross College's Centre Determined Grade Policy
3. Evidence
4. Disruption to Teaching and Learning
5. Timelines

# Terminology

Term	Meaning
<b>Centre</b>	School
<b>Candidate</b>	A student/pupil entered for a qualification: A-level, AS Level, GCSE, Essential Skills, Occupational Studies.
<b>Centre Determined Grades (CDGs)</b>	Grades formulated by teachers and submitted to CCEA for Summer 2021
<b>Awarding</b>	The assigning of a final grade for a qualification
<b>Specification</b>	A document that sets out the details of content to be taught and all assessments for a qualification

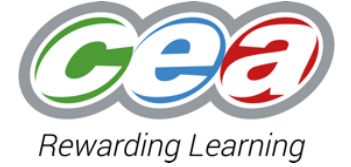

# Overview

- This summer CCEA is asking schools to award a grade that reflects the standard at which a student is working, **assessed only on the specification content that the student/centre has covered**, so that the grade, reflects a student's knowledge, understanding and skills.
- These grades will be referred to as Centre Determined Grades (CDGs).
- No algorithm or statistical adjustment to grades will be involved this year.
- Grades will be based on teacher judgement using evidence selected by the centre, following the alternative arrangements process set out by CCEA.
- Grades submitted to CCEA are not final until they are released in August 2021 and may be subject to change.
- CCEA has stated that centres **cannot** share the centre determined grades they will submit with students in advance of them being issued by CCEA on results day (August 2021).

# Holy Cross College's Centre Determined Grade Policy

It is a requirement of the CCEA process that we put in place a “Centre Determined Grade Policy” and are clear with students, parents and carers from the outset on:

Our school's approach to arriving at grades for students completing qualifications this summer

The type of assessment or evidence of a student's performance we will use to determine this grade

The contingency assessments or evidence we will use where the agreed evidence is not available for individual students.

# Evidence

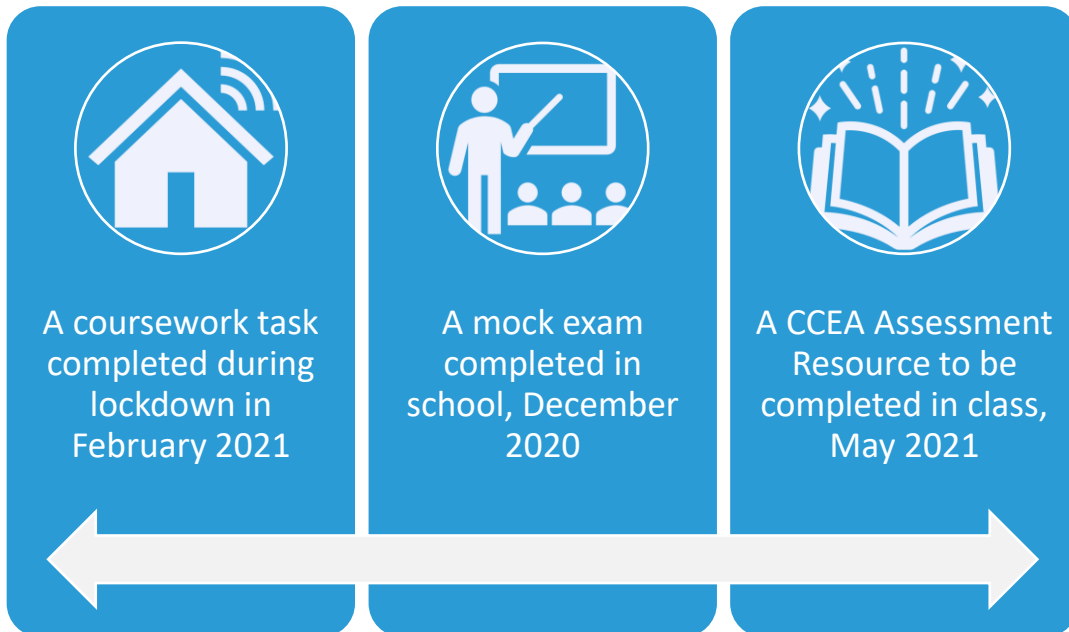

The CCEA process is clear on the evidence we should use to formulate a grade.

1. The grade assigned to a student must be based on the standard at which each student **is performing**.
2. This is different from 2020, when centres were asked to supply a centre assessment grade based on their judgement of the grade a student **would likely have achieved** if they had been able to complete examinations.
3. To ensure fairness to all students, we have been asked to outline in our school's Centre Determined Grades policy the evidence we will use to inform grading decisions. **This must be applied consistently across all students entered for the same subject.**

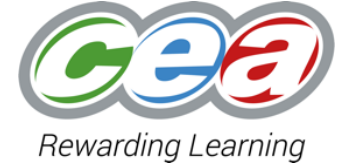

# For example

- Teachers in a department have discussed and agreed which assessment(s)/evidence are most appropriate for assessing the level of performance of their students taking into account disruption caused by the COVID-19 pandemic.
- They have agreed to use:

- Grades for every student completing their GCSE in this subject this summer will be based on these three pieces.
- They can only vary the evidence used for students who may have missed significantly more teaching and learning time and therefore have not covered the same amount of learning as the rest of the class.
- The department cannot consider other sources of evidence solely on the basis that it may indicate a higher or lower result for a student.

# Disruption to Teaching and Learning

- We appreciate all students across NI have had a level of disruption and we have adapted our approach to assessment to mitigate this disruption.
- There is flexibility in place to ensure no student is disadvantaged any further this year.
- Flexibility is **not** in place to allow teachers to pick and choose the pieces of evidence in order to maximise a student's attainment. This is to ensure fairness to all students across Northern Ireland.
- The next slide gives an example of this.

# Disruption to Teaching and Learning

A class of 15 pupils are due to complete a GCSE with 3 units of work: Unit 1, Unit 2 and Unit 3.

Due to lockdown and school closures the class have missed face-to-face teaching of parts of the course and have only completed Units 1 and 2.

One pupil (Pupil A) has missed another 6 weeks of school on top of this due to illness and self-isolation and has only completed Unit 1.

We must only assess our pupils on the parts of the course they have completed.

Therefore the school will base their Centre Determined Grades as follows:

Pupils	Full Class	Pupil A
Assessments/ Evidence based on	 Unit 1 and Unit 2	 Unit 1

# Evidence

- Holy Cross College wants to ensure that we use the most appropriate evidence that reflects the attainment of all of our pupils and will use the following types of evidence:
  - ✓ Previous attainment in CCEA modules
  - ✓ Christmas Mock Examinations
  - ✓ CCEA assessment resources for 2021
  - ✓ Formal Assessments
  - ✓ Class tests/Timed essays
  - ✓ Controlled Assessments
  - ✓ Coursework
  - ✓ Tracking grades
  - ✓ Practical Assessments (Music/Drama/Design portfolio)

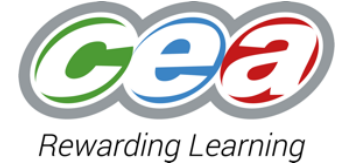

# Contingency

- In exceptional cases (due to illness or adverse circumstances) where a pupil has been **more** significantly disrupted in comparison to his/her class and some of the agreed evidence is unavailable, we **may** also include the following:
  - ✓ Class tests
  - ✓ Homeworks\* (only where deemed suitable)
  - ✓ Remote assessments\* (only where deemed suitable)

# Evidence

We will not use/consider:

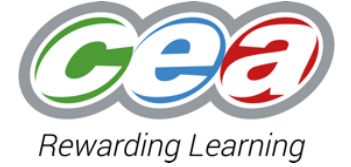

- Work/tasks completed with private tutors
- Work not aligned with the requirements of the CCEA specification
- Results of other external exams or qualifications e.g. Graded Music Exams

Rationale:

- To ensure that the Centre Determined Grades process produces fair, objective, consistent and timely outcomes for all students
- To ensure that Centre Determined Grades are produced in line with the process as published by CCEA, using the professional judgement of teachers, with internal moderation, ensuring quality and accuracy of the grades submitted to CCEA.

# Appeals

- Similar to previous years there will be a process for students who would like a review of their results.
- This is called the Post-Results Service and provides an opportunity if an error is made for that to be rectified
- More information will follow on the CCEA Post-Results Service in the coming weeks.
- Holy Cross College will share the details and process for this with students, parents and carers as soon as it is published by CCEA.
- We will guide and assist students and parents through this process as we would in any other year.

# Timelines

The timelines for this process are as follows:

<b>21 May 2021</b>	Grades submitted to CCEA	A/AS grades Level 3 COPE
<b>4 June 2021</b>	Grades submitted to CCEA	GCSE Occupational Studies Vocational qualifications Entry Level
<b>10 August 2021</b>	Results issued by CCEA	A level and AS Level 3 COPE
<b>12 August 2021</b>	Results issued by CCEA	GCSE Occupational Studies Vocational qualifications Entry Level
